

SCHS 2018 BAND PARTICIPATION OBLIGATION

Due to budgetary constraints, it is becoming more difficult for the school system to provide the financial support necessary to maintain a successful, active band program. Therefore, it is imperative that each and every member of our program pay a band participation obligation. This will not only help to support the band program, but will also consolidate traditional beginning of the year expenses into one payment. The band participation obligation for each year is decided collaboratively with the band booster executive board. The band participation obligation will cover a significant number of costs associated with the SCHS band program, including but not limited to the following:

- Instruments
- Instrument repairs
- Music
- Band shirt
- Clinician fees
- CHARMS
- Performance registrations
- Miscellaneous standard operations

The SCHS band participation obligation is \$40.00 per student unless the student participates in marching band in which this payment is included in the marching band dues.
